Summer Academy Attendance Policy

*Students who have failed part or all of courses may earn as many credits (for courses previously taken unsuccessfully) during each session by successful demonstration of the learning. Because of this option, **students are required to attend every day until they have completed a course to receive their \$50 rebate in mid-August of 2011.** But, they will be encouraged to recover as many credits as possible during each session. Strict attendance is required to insure that credits are valid.*

- 1) Students will complete most core classes (English, Math, Science, and Social Studies) through online courses with a content teacher to assist and monitor progress. Upon completion of a course, the student will be encouraged to move on to another, if necessary.*
- 2) Due to the nature of the online courses, students also can access the courses while NOT at school in order to complete courses quickly and reduce the time required to in the summer program. **Testing must be done at school with a teacher.***
- 3) Everyday attendance is required until completion of a course. Missing more than two sessions will result in removal from the program. Tardiness of more than 10 minutes will be accumulated towards one absence (3 tardies = absence)..*

I have read the dates, times, and attendance policies and agree to abide by the stated regulations. (Must be signed by both student and parent on the back of this form)
